Directions
1. Wash and chop selected vegetables into small evenly sized pieces. You may cut them into circles, strips or cubes as desired. A variety of shapes will make the stir-fry more pleasing to the eye.
2. Heat a small amount (1 tablespoon or less) of vegetable oil over high heat in 10-inch frying pan, electric skillet or wok.
3. Keeping the heat high, add vegetables to the pan in order of firmness–harder foods first and ending with the softest foods.
4. Toss vegetables to keep them from sticking until they are cooked. When stir-frying, vegetables should still be crisp and retain their bright color.
5. Add sauce to taste (about 1/4 cup). Stir-fry until all vegetables are thoroughly coated.
