Total Milk Purchased (total ounces)		_____ oz.
1. Total Milk Required (ounces)		= _____ oz.
2. Total Milk Purchased (ounces)		= _____ oz.

## Milk Comparison

**Results:** Is the number on line 1 smaller than the number on line 2?

- Yes—GOOD!** Enough milk was purchased for the number of breakfast meals served.
- No—Action Needed!** You are not purchasing and serving children enough milk. Therefore, you are out of SFSP Compliance. You must resolve this problem immediately.
