

State Funded Issuance (Screen 53)

The purpose of State Funded Issuance (screen 53) is to allow issuance of special formulas that are paid for by State Funds. Food instruments issued on screen 53 are not displayed on screen 21. For more information regarding state funded formula issuance, refer to WIC Program Manual.

Edits have been built into this screen to prevent issuance of anything other than formula on screen 53. All other issuances must be issued from Screen 21. (Chapter 2, Section 2).
