Please remember that income eligibility applications are valid for a 12-month period, regardless of when they were approved.

Included in this mailing are the Income Eligibility Guidelines to be used by institutions, schools, and facilities participating in the Child and Adult Care Food Program (CACFP) in determining eligibility for free and reduced price meals for the period of July 1, 2014 through June 30, 2015. You are required to provide the parents or guardians with the Income Application and the parent letter.

Eligibility Duration

In accordance with 7 CFR 226.23(f), CACFP institutions must collect and report to State agencies free, reduced-price, and paid meal eligibility information. Such information must be updated annually and may not be more than 12 months old. Income eligibility forms should be considered current and valid until the last day of the month in which the form was dated one year earlier.

Sponsors now have flexibility concerning the effective date of certification for Program benefits. The date to be used to make this determination may be either the date the parent or guardian signed the income eligibility form or the date on which the sponsor or independent center official signs the form to certify eligibility of the participant. This flexibility applies only to eligibility determinations made through the application process of complete applications containing all required information at the time of submission (see part 3C of the *Eligibility Manual for School Meals* available at <http://www.fns.usda.gov/sites/default/files/EliMan.pdf>).

Sponsors must decide which date they will rely on as the effective date and apply this date to all income eligibility forms submitted on behalf of all participants in all sponsored centers and homes. For more information, refer to CACFP 06-2014, *Effective Date of Free or Reduced Price Meal Eligibility Determinations*, December 3, 2013 available at http://www.fns.usda.gov/sites/default/files/SP11_CACFP06_SFSP11-2014os.pdf.

This eligibility duration determination method applies to day care centers, and family day care homes, and should be used to assess the expiration of an income eligibility form in all situations, regardless of the reimbursement calculation method used.

If you have questions, need additional information, or did not receive the correct application please contact your regional consultant.
