**The Mother-Infant Dyad**

- The breastfeeding assessment and the mother’s plans for breastfeeding serve as the basis for determining food package issuance and the counseling and support provided to the mother.
- Any formula issued must be based on an assessment of the individual situation.
- The local agency must not develop a standard food package for breastfed infants that receive formula.
BREASTFEEDING DYADS: MANAGING FORMULA REQUESTS

- Assess the reason for the request
- Provide appropriate support, counseling, and referrals
- If after an assessment and counseling, assign the minimum amount to meet the identified need

REMEMBER!

Breastfeeding status on the Prescribe Food page might not correspond with the dyad’s actual feeding practice!
