

Transfer Between Families: Error Code 2050

In Crossroads 1.21 the **Transfer Between Families** screen will allow transfers to occur even when **Response Code 2050** is displayed during the transfer. **Response Code 2050** states “Benefit timeframe provided would overlap an existing benefit timeframe containing valid benefits for the Family, which is not allowed.”

Example: Sallie Sweden is being transferred to another family. The **In State Individual to Family Transfer Confirmation** looks like this:

Transfer Between Families: Error Code 2050

The popup can be closed by clicking on the **Close** button or the white x. Benefits transferred to the Receiving Family will have a status of **Voided** and the Reason “Client Moved/Returned” in the Food Instrument List.

After the transfer, the **Food Instrument List** (for the Receiving Family) looks like this:

Serial #	First Date to Spend	Last Date to Spend	Status	Issue Date	Print Date	Voided Date	Void Reason
135267390	8/13/2019	8/30/2019	Voided	8/13/2019		8/13/2019	Client Moved/Returned
135267389	8/13/2019	8/30/2019	Voided	8/13/2019		8/13/2019	Client Moved/Returned

Even though the transferred food benefits have a status of **Voided**, some transferred food benefits may be available on the **Shopping List**. In this example, the “Benefits Being Transferred” are on the **Shopping List** but the “Benefits to cover Change in Family Issuance Day” are not. There will be a gap in benefits for this child from 8/19/19 through 8/30/19 since the next available issuance is 8/31/19. Other examples may result in different **Shopping Lists**.
